CHICAGO, May 14—Three thousand milk wagon drivers today went on strike in Chicago, virtually tying up the city's milk supply. Representatives of the drivers, who are asking wage increases from \$26 and commission to \$35 and commission a week, said that emergency deliveries would be made to hospitals and baby asylums.

While the strike had been threatened for several days, the first definite information received by the public was in the form of empty bottles at back doors today.

WASHINGTON, May 14—The navy department practically has decided to exercise its authority under war emergency legislation and requisition steel for battleship construction. The price to be paid will be fixed later on a basis of market conditions and quotations rather than on an examination of the steel makers' books.

INTEREST GROWS IN KEMMERER WELLS
MONTPELIER, Idaho, May 13.—Interest in the oil fields surrounding Kemmerer is growing, following the test of the Lincoln-Idaho well on the Cretaceous lease at Dry Piney, when the pump put 200 barrels into the tanks the first twenty-four hours.

A. G. Burnett, geologist of Salt Lake, and L. E. Willey of Salt Lake are now looking over the Dry Piney field. Mr. Burnett is advising local drillers to get bigger rigs, as he thinks the best paying oil sands will be found at 2500 feet.

Douglas A. Prestor of Cheyenne, representing an oil company, is reported to have offered \$15,000 and 40 per cent of production for a lease on the Cretaceous property, but was turned down by Lackey and Budd, who control the company.

The Piney-Lake Barge company, of which George Danley of Salt Lake is the head, will spend in their well in the Dry Piney field immediately, according to Mr. Danley, who arrived last night.
